DFSG 2026

Your company at the DFSG Annual Meeting

Each year, around 200-250 participants gather for the Annual Meeting, representing **most centres of excellence working within the area of diabetes** in Europe and several international ones.

The majority of participants are physicians who have dedicated their career to the **advancement of knowledge** on prevention and treatment of diabetic foot syndrome: Their work moves the field forward, **impacts guidelines and informs treatment** throughout Europe and beyond.

Companies that want to make a mark in the field and positive difference for patients with or at risk of DFU have long supported DFSG and maintained a visible presence.

Exhibiting at DFSG

(10 - 12 exhibition stands)

We plan the exhibition area in connection with catering, and all breaks are held inside the exhibition area. DFSG is focusing on new research and we recommend that companies focus their exhibition booth on presenting new evidence, planned studies, case reports.

Your Symposium at DFSG

(3 - 5 timeslots, 15 - 60 minutes)

We offer several timeslots during the Meeting for industry symposia and different lengths so that you can find the format that best fits with your company's message.

In the past, the most successful symposia were the ones that focused on presenting strong clinical research and that invited for an active dialogue and feedback from the audience.

Focus Group at DFSG

(2 timeslots, 60 minutes)

Focus Groups at DFSG capitalize on the fact that so many key opinion leaders gather to share their opinion and knowledge.

Running a Focus Group at DFSG will allow you to gather a highly accomplished group of participants – Traditionally, Focus Groups have been attended by some of the biggest names in the field. This is an opportunity for your company to get the attention, gather feedback and build network within the highly influential group that DFSG is.
